Year Group: 4

### Weekly Round Up

Welcome back! Hope you've all had a lovely restful half term. We're so excited at the news that we will all be back together soon.

This week we have started a new text in English - Firebird. We have been discussing the story, and the children produced some beautiful artwork linked to the story. In maths, we have been learning about interpreting charts. For topic this half term we have started looking at how sound is produced and how we hear.

### Coming up.....

Next week, we will be continuing our work on charts in maths, learning how to answer questions about the different graphs and charts. In English we will be planning how to write our own quest story, like the Firebird story.

Next Thursday is World Book Day, and we will be doing lots of exciting activities leading up to this. On Thursday the children can come to school dressed up as their favourite book character.

### Website of the Week

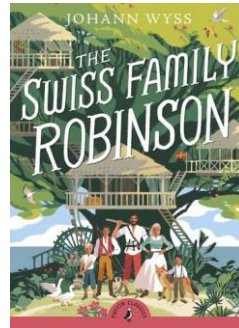

<https://www.timestables.co.uk/>

This is a great website for helping to learn times tables if you fancy a break from TTRockstars.

The children all have their own login, and it has been set as the main activity on the Y4 learning log. The children can earn medals and diplomas, and the teachers can see all of their amazing achievements!

### Hooked on books

*Mrs Boender is starting to read this next week!*

Following a wild and raging storm, the Swiss family Robinson are stranded at sea. But the thundering waves have swept them off to a tropical island, where a new life awaits them. Their ship is laden with supplies and the island is packed with treasures, so they soon adapt and discover new dangers and delights every day . . .

I read this years and years ago and enjoyed it, so I can't wait to read it again!

### Non Negotiables:

Join your class on Teams for registration if you are not at school.

Remember to upload/hand in work on Purple Mash or send to portfolios on dojo.

'Everybody, every day' - Reading with your child every day.

Practise times tables including the division facts. Use Times Tables Rock Stars or any other method to practice. Your practice is paying off! Keep in contact with us using Class Dojo. Have a good weekend.
